Work Experience

As to my work experience, I have not had an official job yet, but I did some computer supporting by myself in a small city Oster, like upgrading computers, installation of Windows, programs, Anti-virus, Microsoft Office package, Autodesk Autocad, and some other common software, also worked for 3 months at Dornier Consulting as transport engineer at modeling transport flows in software as PTV VISSIM.

Educational history

- By that time I am graduated from Kiev National University of Construction and Architecture on City Development and Construction department with Master's degree, 2015 - 2016;
- 3 years before, from fall of 2012 till summer of 2015 I was studying for Bachelor's degree in Kiev National University of Construction and Architecture on City Development and Construction department;
- Before University, I graduate from Oster's College of Construction and Design in Civil engineering and construction specialization, 2008 - 2012.

Achievements

In May of 2015 gained second place on Ukrainian National Olympics in City Planning specialization.

Additional Skills

- Computer programs as Autodesk family of Autocad: AutoCad Civil3d, architecture AutoCad;
- Good working knowledge of Microsoft Office package (Excel, Word, Power Point);
- Vissim by PTV Group;
- Full current clean driving license.

Languages

English – Upper-Intermediate, technical English, Ukrainian and Russian as my native languages

Additional Skills

I can describe myself by these characteristics: intense feeling for innovations, searching for ways to improve productivity of work by preferring computer technologies to human\hand job, appreciate when people do their job decent and carefully, respectful attitude towards colleagues and my responsibilities, a good team player, a quick learner, stress resistance, strong will to learn, responsibility, loyalty, love for planning and organization, and commitment.
